**Re: *Ex Parte Presentation*
 Wireless Access Charges – WT Docket No. 01-316**

Dear Ms. Dortch:

Sprint Corporation (Wireless Division) ("Sprint") received an inquiry from the Wireless Telecommunications Bureau ("WTB") regarding the ability of wireless carriers to block traffic from interexchange carriers. This letter serves as notification that on May 1, 2002 Charles McKee of Sprint contacted Jared Carlson by telephone and informed him that Sprint PCS is unable to block interexchange carrier traffic in real time at the wireless switch. While the intervening tandem owner would probably have this capability, one RBOC informally contacted by Sprint in response to the WTB inquiry indicated that they do not offer such a product.

Pursuant to Section 1.1206(b) of the Commission rules, one copy of this letter is being filed with your office electronically. Please associate this letter with the file in the above-captioned proceeding.

Please contact us should you have questions concerning the foregoing.

Sincerely,

A handwritten signature in black ink, appearing to read "L. Lancetti", with a long horizontal flourish extending to the right.

Luisa L. Lancetti

cc: Jared Carlson
